Registration Service Guidance For couples wishing To hold A Civil Ceremony at Approved Premises

Without the presence of the Superintendent Registrar and a Registrar there can be no legal marriage (or in the case of Civil Partnerships and Civil Partnership conversion to Marriage, a Registrar). It is therefore essential that couples look to book registrar attendance as soon as possible.

Whilst Worcestershire Registration Services will be able to meet a date requirement, the couple and venue may need to have a degree of flexibility regarding availability of times for any given day.

In the first instance, please contact Worcestershire Registration Services using the enquiry form on our website

http://www.worcestershire.gov.uk/info/20000/births_deaths_marriages_and_citizenship

Bookings

A booking may be made up to two calendar years in advance subject to the following - For ceremonies up to 12 months in advance a non-refundable/non-transferrable deposit of £50 is payable. This deposit is subsequently deducted from the balance due.

For ceremonies booked between 12 and 24 calendar months in advance, a booking fee of £50, which is non-refundable/non-transferrable, is required in addition to the non-refundable/non transferrable deposit.

Fees for attendance can be found at

http://www.worcestershire.gov.uk/info/20000/births_deaths_marriages_and_citizenship/1282/registration_services_fees

Notice

Each party must give a separate formal notice of their intention to marry or enter into a civil partnership in person at a Registration Office in the district where they live. They are required to have lived in the district for at least 8 days before giving notice. They must name the venue where their ceremony is to take place.

The minimum period between giving notice and when a ceremony can take place is usually 28 clear days. The schedule for marriage, or civil partnership, will be issued on the 29th working day after giving notice and is valid for 12 months from the date the formal notice was given.

If either of the couple is subject to immigration control, the waiting period after giving the notice may be extended for up to 70 days. The Register Office can advise further on these procedures.

<https://www.gov.uk/government/publications/designated-register-offices-in-england-and-wales>

All arrangements made for a ceremony to take place at the chosen venue are dependent upon –

- a. The attendance of the Superintendent Registrar and/or a Registrar for the Worcestershire Registration district; **and**
- b. The issue of the authority or authorities for marriage/civil partnership by the Superintendent Registrar(s) to who notice of marriage/civil partnership was given.

Civil ceremonies must be non-religious in nature. Any music, reading, words or performances which form any part of the ceremony must have no religious content and must be agreed in advance with the Registration Service.

There is greater flexibility regarding ceremony content if a couple choose to have an Enhanced ceremony or Fully Enhanced ceremony. Please visit our website for further details. <http://www.worcestershire.gov.uk/ceremonypackages>

In addition, couples may have a Bespoke Celebration of Marriage following an earlier legal civil ceremony. Please visit for further details
<http://www.worcestershire.gov.uk/ceremonypackages>

Any rights of copyright for music, readings, etc. permitted at the ceremony are a matter for the couple and the holder of the approval.

Please note that drone videography is not permissible during the ceremony. For further advice relating to photographers and videographers please email registeroffice@worcestershire.gov.uk
